

## Greater Lawrence Technical School

---

An overview of our school's "report card" is posted for your information. Report cards answer important questions about a school's overall performance and contain specific information about student enrollment and teacher qualifications, student achievement, accountability, how a school is performing relative to other schools in the district and the state, and the progress made toward narrowing proficiency gaps for different groups of students.

In this report you will find the following important information about our school:

**Student enrollment and teacher quality:** This section of the report card provides information about the students and teachers in our school as compared to the district and the state. You also have the right to request the following information about the qualifications of your child's classroom teachers:

- Whether your child's teacher is licensed in the grade levels and subject areas they teach
- Whether your child's teacher is teaching under an emergency license or waiver
- The college degree and major of your child's teacher
- Whether your child is provided services by paraprofessionals and, if so, their qualifications

GLTS and the parents/guardians of the students participating in activities, services, and programs funded by Title I, part A of the Elementary and Secondary Education Act (ESEA) agree that parents/guardians, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents/guardians will build and develop a partnership that will help children achieve the state's high standards as outlined in the student handbook.

For more information about our school's report card or to request information about the qualifications of your child's classroom teachers, please feel free to contact us at (978)686-0194 ext. 1022.

Sincerely,

Elizabeth Freedman  
Assistant Superintendent-Director/Principal
